

DANBURY PUBLIC SCHOOLS

2008-2009 Back to School Guide, Calendar & Bus Schedule with Parks & Recreation Schedule

THURSDAY, AUGUST 28, FIRST DAY OF CLASSES-FULL DAY FOR STUDENTS

Dear Parents and Community Members:

Welcome to the 2008-2009 School Year. The District's Mission, "to develop in all children the knowledge, skills, attitudes and values which will enable them to live a productive and self-fulfilling life and engage in responsible citizenship in an ever-changing global society", is my commitment to our schools and the community as I enter into my third year as Superintendent.

This is the first year we had a fifth grade "Moving up Ceremony" at the Magnet School; our new STEM Academy Program has been introduced and will take place at Rogers Park Middle School; Roberts Avenue School's scheduled completion date is August 2009; school security systems have been installed; the City of Danbury installed sprinkler systems in Danbury High School's "D" building which allows us to recapture three additional classrooms; this is our first year with the Endeavor Program, alternate education for middle school students, and it has been met with great success.

Did you know that Danbury High School has 2,834 students, 216 faculty, 148 classrooms, 130 electives, 88 activities and 42 languages and this year received accreditation from the New England Association of Secondary Schools and Colleges, which affords the school accreditation for the next 10 years. This year we had 620 students graduating from Danbury High School, 80% going on to higher education with our top 20 students attending prestigious universities. This graduating class completed 7,500 hours of community service and raised funds for several charitable organizations. Nationally, our students were recognized in DECA (Distributive Education Clubs of America) for their presentation in the International Division; our Track Teams received state and national recognition.

The Board of Education's 5-year goals and objectives are as follows. My leadership and work with our educational community will be aligned with these goals and objectives.

- Increase efforts to ensure that the wellness needs of students and staff are met.
- Ensure that all necessary resources are provided to achieve our mission.
- Ensure that all schools and departments enhance their focus on literacy, numeracy, data analysis, differentiated instruction and the effective needs of students for the next three-five year period.
- Ensure a safe environment for all students and staff and increase communication with the community.
- Increase the representation of minority adults within our staff to more closely reflect our student population.

Please join me and our staff to ensure that every student works to their full academic potential. Parent involvement and support is the key to student success. We hope you will take an active part in your child's education.

Best wishes for a successful school year.

Dr. Sal Pascarella, Ed.D.
Superintendent of Schools

School Hours / Supervision

School Closing, Delayed Opening, Early Dismissal Policy

The decision to delay the opening of school or to cancel school because of inclement weather is made by the Superintendent. The primary consideration is that of the safety of students and staff. The decision is governed by a number of factors. To help make the decision, the Superintendent seeks input from the Police Department, the Public Works Department, the School Maintenance Department, the school bus contractor, local meteorological services, and from residents located in various sections of the district.

There are times when available information dictates that a delay in the opening of school is appropriate and other times when the schools should not be opened. Delays may be called for 90 minutes. The decision will usually be made by 6:00 a.m.

The Honeywell Instant Alert System is used to notify parents of school closings, delays, early dismissal and other information as needed. Please verify and/or update your information by October 1, 2008 by logging onto the Danbury Public Schools

Title IX

Title IX of The Educational Amendments Act of 1972 mandates that no person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any educational program or activity receiving Federal financial assistance. Title IX protects students in connection with all academic, educational, extra curricula, athletic, and other programs of the school regardless of where those programs take place. The Danbury Board of Education prohibits violation of Title IX in any aspect of the school system. Students who feel their rights under this regulation have been violated, should contact Ms. Fran Evans at 797-4743.

Eligibility Requirements for Extracurricular Activities

Recognizing the importance of academic success and the time constraints that extracurricular and interscholastic sports require, the Board of Education

has adopted the following policy:

Students who plan to participate in the approved extracurricular programs are expected to demonstrate a suitable level of academic preparation and success. Experiences in the educational program will be enhanced through opportunities to become actively involved in a diversified extracurricular program. The student must show evidence that there is successful progress and performance in the educational plan in order to derive the benefits from extracurricular participation.

The regulations governing this policy establishes the following eligibility criteria for grades 6-12 for participation in activities:

- A student must be enrolled in four courses representing four full units of credit for the academic year.
- A student at the time of participation, throughout any new school year, must present evidence from the preceding

school year that four units of credit were completed toward the promotion or graduation/diploma requirements.

- A student, during a marking period, must have achieved an overall C average for the courses, completed in that marking period which preceded the interscholastic sport season or the extra-curricular activity program.

- A student classified as handicapped and enrolled in a special education program may be exempt from this regulation if the IEP contains a request for waiver of these requirements.

These regulations will meet or exceed the CIAC requirements for student participation in interscholastic sports. Procedures to verify eligibility will conform to CIAC guidelines.

Registration / Attendance

School Registration

Registration for Kindergarten is held in the spring each year for 5-year olds who will be attending the following September. For this school year, Kindergarten Registration at each Elementary School will be in April. Kindergarten Orientation will be announced. A specific date and time for your school will be published at a later date. Any child who will be five on or before January 1, 2010, may register for the 2009-2010 school year. To register a child after the formal spring session, or to register an older student at any time, contact the school office where the child will be attending. It's helpful to the school to bring the student with you when registering. Open Registration for non-English speaking students will be held starting in January at the ESL Reception Center at 49 Osborne Street, Danbury. Two evening registration dates will be published at a later time.

Proof of Residency

Whenever a student enrolls in Danbury

Public Schools, the registration form will establish the legal residence of the parent or guardian. To verify the given address, the following documentation's must be provided to the school principal or his/her designee at the time of registration.

- Renters - a current notarized lease or notarized letter from landlord.
- Homeowners - a recorded deed showing ownership or a current tax bill.
- In addition to the above, you must show one utility bill (gas, electric, phone).
- A student living with a relative/non-relative would be eligible for schooling providing the following conditions are met:
 - Resides in Danbury permanently
 - Without pay and
 - Not for the sole purpose of obtaining school accommodations.

A student (DHS students only) who is in the United States on an educational visa (I-20), and residing with a Danbury resident who is the guardian, shall provide documentation as to residency as

listed above.

A legally emancipated student (Connecticut General Statute 96b-150, b & d), shall provide appropriate legal documentation as to his/her status.

A child placed by public agency in a Danbury residence shall also be entitled to attend the Danbury Public Schools.

In the event that the Administration has due and sufficient cause to question the residency base of a child already in attendance, the Administration may proceed as per Connecticut General Statute 10-253.

A student whose residency is challenged has a right to due process in accordance to Connecticut General Statute 10-186.

School Attendance/Absenteeism

School attendance is essential for educational progress. Connecticut law emphasizes the responsibility of parents to ensure children attend school on a regu-

lar basis. The law requires the school to report student attendance and truancy information. The principal will excuse children for absences due to illness, serious personal or family problems, established religious observances, or at the request of physicians, psychiatrists, psychologists, dentists and similar professional persons for the performance of necessary work which must be scheduled during the school day.

When your child doesn't come to school and you haven't notified the school that he or she will be absent, the school is required to contact you. School regulations require that each parent call the school when their child is going to be absent. When a child is absent, the parent is expected to write a note and send it to the school with the child when he or she returns.

Do all you can to ensure that your child attends school every day. If your child needs to be absent, call your child's school.

Student - related Information

Promotion/Retention

The District recognizes retention may be necessary, but should only be done when it is deemed essential and in the best interest of the child. It is the philosophy of the Board of Education that all students should be placed in instructional programs in which they can achieve academically as well as develop emotionally, socially and physically.

- The following statements apply to all school district programs whether they are elementary, secondary or approved alternative programs.
- Students shall meet academic competency requirements as adopted by the Board of Education.
 - Students who are eligible for special education services shall meet the expectations outlined in the IEP.
 - Within policy and regulations, recommendations regarding a student's placement are the responsibility of the school staff; however, the placement decision is the responsibility of the principal.
 - Consideration for retention should only occur after careful study and a need to provide an appropriate instructional program to address deficit area.
 - Parents shall be given early notification of student performance that may involve either acceleration or retention. Parents will be involved in discussion of retention or acceleration of a

- student.
- In accordance with state law, students who have not achieved the statewide standard for reading in grades K-3 will be required to attend summer school unless such students receive an exemption.
 - The time required to complete senior high school will depend upon the time necessary to earn the required credits and demonstration of the established competencies for the diploma or certificate.
 - Students who are retained are eligible to remove academic deficiencies in an approved summer school program.
 - Students enrolled in alternative or transition programs, approved by the Board of Education, shall meet all requirements, which exist for regular elementary and secondary programs.
 - Under CT State Law the principal has the final authority regarding the retention of students.

Access to Student Records

A student's record is the property of the school and shall be held as confidential. Parents and guardians and students of legal age shall have knowledge of and access to all educational, medical or similar records maintained in the student record folder in conformance with Board policies, which are available at each school and administrative office. Parents, guardians and legal age students may utilize an appeal process, which starts with the building principal, to correct records which they believe to be inaccurate or misleading.

Administration of Medicine by School Personnel

A school nurse or, in his/her absence the principal or any designated trained teacher, may, if necessary, administer medicine including aspirin to students with chronic or short-term health problems when such medicine is ordered in writing by a licensed physician and with the written authorization of the parent/guardian of the child. Implementation of this policy is subject to regulations of the Connecticut State Department of Health and Danbury Public Schools.

Non-Discrimination Policy

Federal and State Law and the policy of the Danbury Board of Education prohibit discrimination on the basis of sex, race, color, religion, national origin, age, sexual orientation, military or veteran status or past or present physical or mental disability. No person in the Danbury Public Schools shall be excluded from participation in, or be denied the benefits of any education program or activity. Inquiries concerning discrimination, compliance or grievance procedures may be directed to Director of Human Resources, Beaver Brook Administrative Center, 63 Beaver Brook Road, Danbury, CT 06810; telephone number (203) 797-4705.

Rehabilitation Act - Section 504

In compliance with state and federal law, the Danbury school district will provide to each pro-

ected handicapped student without discrimination or cost to the student or family, those related aids, services or accommodations, which are needed to provide equal opportunity to participate in and obtain the benefits of the school program and extra curricular activities to the maximum extent appropriate to the student's abilities. In order to qualify as a protected handicapped student, the child must have a physical or mental disability, as defined by law, which substantially limits or prohibits participation in or access to an aspect of the school program. These services and protections are for "protected handicapped students" as distinct from those applicable to all eligible or exceptional students enrolled (or seeking enrollment) in special education programs. For further information on the evaluation procedures and provisions of the services to protect handicapped students, and for information on the procedural rights of parents and students contact Director of Human Resources at (203) 797-4705 at the Administrative Center at 63 Beaver Brook Road between the hours of 8:00 a.m. to 4:00 p.m.

Student Insurance

Parents are offered the opportunity to participate in group accident insurance at the beginning of each school year, one policy covers pupil injuries that may occur during school hours, and the other provides 24-hour coverage. Each school will distribute information concerning the plans.

Student Transportation

School Bus Transportation

Regard for safety of students is a basic element of the Board's policy on transportation. Consistent with this, the Board's policy indicates that all students shall walk to school with the following exceptions.

1. Kindergarten pupils living more than 1/2 mile from school.
2. Students in grade levels 1-5 living more than 3/4 mile from school.
3. Students in grade levels 6-8 living more than 1 1/2 miles from school.
4. Students in grade levels 9-12 living more than 2 miles from school.

Bus stops will be located per Board policy relative to walking distance, safety conditions, and efforts to reduce student congestion at bus stops.

Specially equipped buses are provided for handicapped students who are

unable to use standard school buses. Students who may be temporarily confined to wheelchairs or require walking aids such as crutches are eligible for these specialized buses.

If there are any questions, please call the School Transportation Office, 797-4708.

Student Behavior on School Buses

In view of the fact that the bus is an extension of the classroom, the Board of Education requires students to conduct themselves on the bus in a manner consistent with established rules of behavior. Failure of students to conduct themselves in such a manner may result in the loss of transportation privileges, suspension from school, or other disciplinary actions permissible under Board policies. The following rules are abstracted from Board policy.

- Disruptive behavior which creates

safety concerns for the driver or safety problems for the passengers will not be permitted.

- There shall be no smoking, use of alcoholic beverages, or illegal drugs at any time on school buses.
- The students must remain seated and wear a seat belt until the bus has reached its destination and has stopped.
- The bus driver is in complete charge, and all reasonable requests of the bus driver must be obeyed.
- All articles such as athletic equipment, books, musical instruments etc., must be kept out of the aisle.
- The rear exit door may be used only in an emergency. Students shall not damage bus equipment or tamper with safety equipment on the bus.
- Damage to bus equipment will mean loss of bus-riding privileges and reimbursement for repair.
- Disciplinary action is the responsibility of the school principal.

- Students must refrain from consuming beverages and eating snacks while riding on the bus.

School Crossing Guards

The City of Danbury is seeking individuals for School Crossing Guards. This part-time position (10 hours per week) works under the supervision of the Police Department. Applications are available from the Personnel/Civil Service Department, 155 Deer Hill Avenue, 3rd Floor, Danbury, CT 06810 and on www.danbury-ct.gov. In cooperation with the University of Connecticut, students may earn college credits through high school courses in addition to the traditional AP courses.

Alternative Center for Excellence(ACE)

Students in grades 9-12 can pursue an alternative secondary education program.

Art

Art specialists at each school provide students with art as a required part of the instructional program for grades K-8, and as elective courses for grades 9-12.

The Early Childhood Special Education Program

Offers specialized school based programs for children three years of age

to kindergarten. Services provided may include: developmental screenings; educational evaluations; school based special education programming; speech/language therapy; consultative and support services; and parent education.

Business, Office & Marketing Education

Helps develop students' skills, knowledge and attitudes necessary to meet the requirements of emerging technology.

English/Language Arts

Program is focused on expressive language skills and methods for improving the quality of students' writing through a wide variety of courses.

Family and Consumer Sciences

Prepares students in grades 9-12 to function effectively as consumers,

family members and wage earners.

Gifted and Talented (SUMMIT)

Program provides expanded educational opportunities for students in grades 4 and 5 and at the middle schools.

Health and Physical Education

Courses are offered to grades K-9, including nutrition, mental health, environment, safety, substance abuse, growth and development, physical fitness and diseases.

Library/Media Programs/Technology

Every school has a comprehensive library/media program with a staff of professional specialists to support the services. A wide variety of technology resources such as computers, software, printers, digital cameras and video projectors are available for student use.

Mathematics

A variety of courses in remedial, applied and advanced mathematics for students in grades K-12.

Music

Music is required for all students in grades K-8. Program continues with high school electives in both applied music and musicology.

Pupil Services & Special Education

Guidance counselors, school psychologists, social workers and nurses are available to all children. In addition, speech, occupational and physical therapists are available to support special education students.

School Health Services

Program goes beyond daily first aid treatment to promote health and wellness of students.

APPLICATION INSTRUCTIONS

To apply for free and reduced price meals or free milk, complete this application using the instructions below, sign your name and return the application to your school principal. If you need help, call: 731-8284

Part 1 - **STUDENT INFORMATION:** List each child's name, grade, and school. Indicate if your children are receiving Food Stamps or TFA. If your children are receiving Food Stamps or TFA, provide the Client ID Number for each child. An adult household member must sign the application in Part 7, but do not complete Part 5. (**Note: If you are receiving only medical benefits for your children, you must report all household income in Part 5.**) *If a child is a foster child, a separate application must be completed. They are considered a separate household because they are a legal ward of the State and must have a separate application.*

Part 2 – Indicate if the child you are applying for is homeless, migrant, or a runaway. You must contact the school (or homeless liaison) to notify them of the child's status.

Part 3 – Indicate your children's potential eligibility or ineligibility to qualify for free or reduced price meal or free milk benefits.

Part 4 - **A FOSTER CHILD** who is a legal ward of the State may get free meals regardless of your household income. Complete a separate application for each foster child. Also, **complete this Part 4 and Part 7. Licensed foster homes do not complete Part 5.**

[Note: Subsidized adoptions and/or guardianships require you to provide all household income documentation in Part 5. These children are not considered to be legal wards of the state and therefore, are considered part of your household and all household income must be listed.]

FOSTER CHILD INCOME: Write each child's *personal use income and how often it is received (such as weekly, every two weeks, twice a month, or monthly). Write "0" if the child has no personal use income. **An Adult household member must sign Part 7.**

*Personal use income includes: Funds provided by the welfare agency that are specifically identified by category for the personal use of the child, such as for clothing, school fees, and allowances. Welfare funds paid to the foster parents identified by category for shelter and care, and those identified as special needs funds, such as those for medical and therapeutic needs, are not considered as income. Where welfare funds cannot be identified by category, no portion of the provided funds is considered as income. Personal use income also includes other funds received by the child, including any income the child earns for full-time or regular part-time employment, and money provided by the child's family for personal use.

Part 5- **ALL OTHER HOUSEHOLDS: Complete Part 5 if:** You did not give a Food Stamp/TFA Client ID Number; you are receiving only medical benefits; each child is not a legal ward of the state; or if each child is a subsidized adoption or you have subsidized guardianship. **Note:** An adult household member **must** sign the application in Part 7.

- a. **HOUSEHOLD NAMES:** Write the names of everyone (related or unrelated) who live in your household. Include yourself and each child listed above, your spouse, all other children, grandparents, other relatives and unrelated people in your household. Use a separate sheet of paper if you do not have enough space. **Note: Do not include foster children in your regular household.**
- b. **CURRENT INCOME:** Write the amount of income each person now gets on the same row as their name in the column that corresponds with the income source. Also indicate if income was received monthly, twice a month, every two weeks, weekly, or annually. Income is all money before taxes or anything else is taken out. If the amount received most recently is higher or lower than usual, write instead that person's usual income. Note: If you are in the Military Housing Privatization Initiative, do not include this housing allowance.
- c. **NO INCOME:** Check the box if the person has no income.

Part 6- **RACIAL/ETHNIC IDENTITY:** Put a check mark next to the racial/ethnic group of your child. This information helps us to be sure everyone gets benefits on a fair basis. You do not have to answer this question to get free or reduced meals or free milk.

Part 7 - **SIGNATURE:** An adult household member must sign the application or it cannot be approved. The social security number of the adult signer must be included unless otherwise noted. If the adult household member signing the application does not have a social security number, check the box "No Social Security Number." *Reminder:* A social security number is not needed if you have listed a Food Stamp Client Number, TFA Client Number or if the children are foster children.

Privacy Act Statement: This explains how we will use the information you give us. The Richard B. Russell National School Lunch Act requires the information on this application. You do not have to give the information, but if you do not, we cannot approve your child for free or reduced price meals. You must include the social security number of the adult household member who signs the application. The social security number is not required when you apply on behalf of a foster child or you list a food Stamp Program, Temporary Family Assistance (TFA) Program or Food Distribution Program on Indian Reservations (FDPIR) case number or when you indicate that the adult household member signing the application does not have a social security number. We will use your information to determine if your child is eligible for free or reduced price meals, and for administration and enforcement of the lunch and breakfast programs. We MAY share your eligibility information with education, health and nutrition programs to help them evaluate, fund or determine benefits for their programs, auditors for program reviews, and law enforcement officials to help them look into violations of program rules.

Non-discrimination Statement: This explains what to do if you believe you have been treated unfairly. In accordance with the Federal law and U.S. Department of Agriculture policy, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age, or disability. Directory Information

The Danbury Board of Education, pursuant to the United States General Education Provisions Act, declares the following to be "directory information" as provided in said act, and the information relating to students may be made public if said information is in any of the following categories:

- Student's name, address, telephone number
- Date and place of birth
- Pictures
- Participation in officially recognized activities
- Weight and height of members of athletic teams
- Dates of attendance and major fields of study
- Honors and awards received

This public notice is required by law before such information can be placed in yearbooks, student directories, or other student publications. Since FERPA does not require disclosure of directory information, the Danbury Public Schools declines to release directory information when it is requested by third parties, while reserving the district's right to release directory information when district officials believe it is appropriate. Within 30 days of this publication, a parent/guardian may notify the student's school principal in writing, of their desire not to have any of the above information released.

Parental Permission for Photos for Media Use

Unless otherwise notified by parents or legal guardians, the Danbury Board of Education will allow students to have photographs taken and

used in the newspaper, on videotapes and other publications.

Use of School Facilities

School facilities are in use extensively throughout the school year by non-school groups for worthwhile purposes when such use doesn't interfere with scheduled school programs. Rules, regulations, services and fees are approved by the Board of Education. Applications may be secured at 49 Osborne Street, Educational Services Center. 797-4799.

Annual Asbestos Notification

This is to inform you State and Federal asbestos regulations require that building occupants be notified about asbestos management activities and the existence of the Asbestos Management Plan (AMP) at least once each year. A dated copy of the notice must become a permanent part of the AMP Organizations representing the occupants, such as unions or PTOs, may be notified in lieu of each individual. The following notice fulfills this annual requirement.

NOTICE

Danbury Public School buildings have been inspected several times since 1986 to determine if asbestos is present. Most of the asbestos-containing materials were removed during renovation projects in 1985 and 1992. However, asbestos is still present in some products such as floor tile.

An Asbestos Management Program has been developed to guarantee that these materials are

maintained in a condition which does not pose a health hazard. As part of this program, asbestos-containing materials are inspected several times each year and the Asbestos Management Program is reevaluated every three years.

Anyone wishing to know more about the Asbestos Management Program may ask to read the Asbestos Management Plan which is on file at 49 Osborne Street Educational Services Center.

If you have any questions regarding Danbury Public School Buildings Asbestos Management Plan, please feel free to address them to Dr. Mark Granville, Vice- President, Brooks Laboratories, 9 Isacc Street, Norwalk, CT 06850. Dr. Granville is our Asbestos Management Program Consultant and Program Manager.

Integrated Pest Management Program

Annual notice of the Danbury Public Schools "Integrated Pest Management Program" and Board of Education Policy 3-613* is as follows: 1) No pesticides as described in Connecticut General Statutes: Section 10-231, A-D, will be applied in school buildings or on school grounds without sufficient health and safety reasons as determined by the Pest Management Coordinator. 2) Pesticides may only be applied by a "pesticide applicator" as defined in the General Statutes; 3) No application of pesticides may be made in any building or school grounds during regular school hours or during planned activities at the school except an emergency application; and 4. Parents or guardians of children and school staff may register for prior notice of any pesticide applications at their school. Notification and registry forms shall be sent out to all parents or guardians along with school packets at the

beginning of each school year. Principals shall maintain registry information and notify registrants of any scheduled applications in advance. Angelo Rodriguez, Director of Sites and Facilities, Danbury Public Schools
