TV HIGHLIGHTS

7:30 p.m. (MAX) "A.I.: Artificial Intelligence" Adapted and directed by Steven Spielberg from a concept by the late Stanley Kubrick, this 2001 fantasy proved darker than many moviegoers expected. Haley Joel Osment ("The Sixth Sense") plays an artificially created boy brought home by a couple to take the place of their deceased child. Later abandoned by them, he's mentored by an "older" robot (Jude Law).

8 p.m. (2, 3) "NCIS" Gibbs (Mark Harmon) and his team are forced reluctantly to put their trust in some very questionable persons in order to stop a criminal who is determined to steal important government secrets. Michael Weatherly, David McCallum, Pauley Perrette and Sean Murray also star in "Dagger."

(5, 61) "House" This episode is called "Lucky Thirteen" — can you say "oxymoron"? A woman (guest star Angela Gots) collapses after a one-night stand with Dr. Remy "Thirteen" Hadley (Olivia Wilde), and of course, House (Hugh Laurie) can't resist the opportunity to pry into his female fellow's personal life. Neither can Foreman (Omar Epps), but his intentions are more honorable: He wants to stop her from going down the path of self-destruction.

9 p.m. (2, 3) "The Mentalist" Patrick (Simon Baker) goes up against some rich and powerful folks in this episode. Several murders are reported at a financial firm's corporate retreat in the Sierra Nevada foothills, and the CBI's investigation uncovers a sordid tale of betrayal and greed. Robin Tunney and Owin Yeoman also star in "Carnelian Inc."

(NATGEO) "Egypt Unwrapped" Archaeologists unravel the secrets of the Valley of the Kings, which spans 2 1/2 miles and contains 63 tombs built over 500 years and then locked beneath the sands for more than 35 centuries. Dr. Zahi Hawass and a team of experts explore questions such as how ancient craftsmen achieved these feats of engineering and why this sacred site ultimately was abandoned.

9:30 p.m. (TCM) "Oklahoma!" Oh, what a beautiful day for fans of musicals! This 1955 retelling of the stage classic stars Shirley Jones as Laurey Williams, a young woman with her heart set on cowboy Curly (Gordon MacRae). The path to true love is thwarted by a jealous ranch hand (Rod Steiger), who will do anything to be with Laurey. Robert Russell Bennett, Jay Blackton and Adolph Deutsch won an Oscar for best scoring.

10 p.m. (BRAVO) "The Real Housewives of New Jersey" During a trip with Dina and Caroline to Atlantic City for a girls' weekend of gambling, spa treatments and shopping, Teresa begins to struggle with the idea of getting cosmetic surgery. Danielle turns to her children for support after breaking up with her boyfriend. What starts out as a friendly birthday lunch between Jacqueline and Danielle turns into a major catfight in the new episode "Casinos and C-Cups."

(NATGEO) "Explorer" Easter Island is best known for the iconic statues that stand mute guard over its surface, but this new episode goes underground to explore a vast cave system that became a last refuge for the island residents who carved those giant stone figures. Forgotten for centuries, these caverns now yield human remains and revelatory artifacts.
